**There's never
been a better
time to join
Friends of
Football!**

Join Friends of Football in time for the 2017 winter season and you'll receive this smart polo shirt, as well as all our full membership benefits.

Friends of Football is an independent supporter group that recognises achievement in our game, and fosters friendship within the sport we love.

Founded by former All White Brian Turner in 2013, Friends of Football has quickly become an active supporter of our national teams and brings together enthusiasts at all levels of the sport.

Regular activities include attending big matches and hosting social events such as annual golf days and race days, as well as holding entertaining dinners to celebrate excellence in football.

This season, the Friends of Football All Stars (a team filled with former internationals) will play a series of exhibition games in Auckland.

We publish a digital football magazine, FANZ, and are launching a range of FoF merchandise.
